VOLODYMYR KOZLOVSKYI

Leander, TX | (737) 900-4576 | will.koz@tamu.edu | LinkedIn

OBJECTIVE

Electrical engineering student pursuing a Bachelor of Science through Texas A&M University, seeking an internship or co-op to apply hands-on automotive diagnostics, embedded systems, and full-stack development experience toward practical engineering solutions.

EDUCATION

Texas A&M University – College Station, TX *Expected May 2030*
Bachelor of Science in Electrical Engineering

Austin Community College – Austin, TX *August 2026 – May 2027 (expected)*
General Engineering coursework

Rouse High School – Leander, TX *August 2022 – May 2026*
GPA: 4.52 | Graduated LISD Distinguished with Honors

SKILLS & CERTIFICATIONS

Technical Skills: Advanced – TypeScript, React, JavaScript, Python, HTML, CSS | Intermediate – Java
Embedded & Hardware: ESP32 / microcontroller electronics, 3D printing (Klipper firmware & calibration)
Certifications: Inventor CAD (Expert), Microsoft Word (Expert), Excel (Associate), PowerPoint (Associate), OSHA Certification, Forklift Certification, GOIT Full Stack, GOIT Python
Languages: Ukrainian (Fluent), Russian (Fluent), English (Intermediate), Polish (Basic)

EXPERIENCE

THE MasteRock TV – Remote *June 2025 – Present*
Lead Manager / Senior Editor
- Direct content strategy, production, and editing for an automotive and truck-repair YouTube channel, including a multi-part repair series.
- Leverage bilingual English/Russian tagging to expand audience reach and boost viewer engagement.

Stain Guys – Georgetown, TX *July 2023 – August 2026*
Foreman
- Led a crew across 50+ residential fence-staining jobs, coordinating scheduling and quality checks to meet client expectations.

Artways Corporation – Austin, TX *September 2022 – Present*
Lead IT Specialist
- Manage web development projects, ensuring responsive design, cross-device functionality, and smooth production deployment.

Mechanic's Assistant
- Support senior mechanics with routine maintenance, vehicle prep, and complex repairs under supervision, building diagnostic skills.

Solwey Consulting – Remote *July 2022 – Present*
Full-Stack Developer
- Develop and maintain client-facing web applications using React, Node.js, and MongoDB, delivering scalable, production-ready solutions.

PROJECTS

Jarvis – AI-Powered PC Voice Assistant
- Engineer a Python-based PC voice assistant powered by Claude's API, featuring custom wake-word activation and a standalone desktop app displaying live listening and running status.

Prius v Hybrid Battery Pack Reconditioning
- Diagnose a P0A80 hybrid battery fault on a 2014 Prius v via OBD2, identify weak NiMH modules through voltage-sag testing under load, and recondition packs by cycling and rebalancing cells with hobby chargers, replacing non-recovering cells.

YardConnect – iOS App (Swift)
- Design and code YardConnect, an iOS app built in Swift for MobileMakersEdu's AppVenture Challenge, earning First Place nationwide and judge recognition for its clear value proposition, intuitive design, and code quality.

LEADERSHIP & VOLUNTEERING

National Honor Society (NHS) – Leander, TX *September 2025 – August 2026*
Volunteer / Member
- Organize community service projects and coordinate volunteer efforts while maintaining academic standards required for membership.

Experimental Aircraft Association (EAA) – Georgetown, TX *April 2025 – September 2026*
Officer Member / Student Pilot
- Serve as a student pilot and officer member, participating in aviation workshops to gain hands-on flight and mechanical skills.

ESL Mentor – Leander, TX *September 2024 – May 2025*
Volunteer
- Served as sole Russian-speaking ESL mentor at Rouse High School, supporting roughly 10 students' English-language development and adjustment to a new academic environment.

AWARDS & HONORS

- First Place, Nationwide MobileMakersEdu AppVenture Challenge 2025 (Uncharted Learning) – YardConnect.
